

The NAPTA Charitable Trust would like to recognise dedicated and hard-working individuals who volunteer so much of their time and energy towards Auckland Community Theatre. Despite working behind the scenes, these people are at the core of every production and the day-to-day running of our community.

Each year NAPTA member organisations can put forward the names of two volunteers who they feel have gone above and beyond to receive recognition of their service at the NAPTA Nominations & Sponsors Evening in December.

- one Youth Category Volunteer up to 25 years
- one Open Category Volunteer 25 years and over.

### Criteria

Although there is no length of service required, the purpose of the Volunteer Awards is to recognise contribution and commitment of individuals to their organisation.

Contribution is defined as an active member who gets involved in both the organisations productions, on or off of the stage, as well as the general day to day activities such as working bees, fundraising, social gatherings, committees (not compulsory).
